

# Western Illinois Reading Council presents

## Top 5 Priorities for Teachers & Students

### During Distance/Hybrid Teaching

#### With author Grace Stevens

Monday, February 22, 2021 \* 7:00-8:30 PM

Grace Stevens abandoned a successful corporate career in 2001 to become a public school teacher, and she's never been happier. Along with two credentials to teach foreign language that she has never used, she is a Certified NLP (Neuro-Linguistic Programming) Practitioner, a closet nerd, and author of Positive Mindset Habits for Teachers, Teaching in the Post Covid Classroom, and the One New Habit Book Series.

After living and studying in four countries, Grace settled in N. California where she currently teaches elementary school. She has two adult children and is a surrogate mom to a whole bunch of nine and ten-year-olds. Her mission is simple - happier classrooms for teachers and students.

Are you ready to

- Cultivate class community with students on campus, at home, or both
- Design an effective distance learning plan and be confident using the technology
- Reduce busy work and prioritize curriculum that engages students
- Positively manage behavior in class and online
- Manage your workload and mindsets to eliminate overwhelm

Event is **FREE** exclusively  
for WIRC Members
